

## **Major Projects**

### **DRII, HUB of Resilience and Resilient Enterprise Awards**

Aug 2016 – Present

Established the guidelines and processes for the DRII HUB of Resilience Award and currently leading the efforts in bringing this opportunity to more communities around the world. As part of the leadership team, Bonnie is also working to develop the long-term goals of these new initiatives.

Established to recognize organizations that have demonstrated extraordinary commitment to preparedness and resiliency, the Hub of Resilience and Resilient Enterprise awards are DRI's official "standard of excellence" designations.

The "Resilient Enterprise" will be awarded to entities recognized for extraordinary commitment to areas of Business Continuity Management (BCM), including emergency management, business continuity, disaster recovery, and crisis management. Recipients of the "Hub of Resilience" award will not only show a dedication to making their organization resilient, but also will serve as a center for providing information, education and thought leadership to their community and industry.

### **LA BEOC**

Aug 2010 – Present

Founding member of the Louisiana Business Emergency Operation Center. Helped to establish the guideline and processes for the LABEO. Continue to work with the University of Louisiana Lafayette to change the BEOC to a BOC (Business Operations Center). LA BEOC provides disaster-specific communications from GOHSEP to industry associations and almost 2,200 registered member organizations to coordinate private-sector businesses and nonprofit organizations. It connects those who need resources with Louisiana resource providers during response and recovery from an emergency or disaster event.

### **Hub of Resilience NYU Langone Medical Center**

Aug 2015 – Aug 2017

Worked with, the Langone Emergency Management & Enterprise Resilience team, assisting them in their efforts to create a model for resiliency and preparedness in the development of a Resilience Plan. This Plan will incorporate a comprehensive set of procedures that will aid in preparing for potentially adverse situations. NYU Medical Langone wishes to validate its accomplishments by having an independent, globally recognized professional organization review and critique its program.

### **SMB Recovery for Superstorm Sandy**

Sep 2013 – Dec 2013

Created a complete Risk Management Guide Pack for SMB's affected by Superstorm Sandy that will be utilized by New Jersey Office of Homeland Security & Preparedness. This guide page included extensive information on Hazard Mitigation, Insurance and Business Continuity issues for the seven business clusters in New Jersey identified by the EDA.

Partners: EDA and New Jersey Office of Homeland Security & Preparedness.

### **Superstorm Sandy Long Term Recovery**

May 2013 – Oct 2013

Worked with New Jersey's Department of Banking and Insurance and the Economic Development Administration to formulate baseline strategies for small business recovery, continuity and resiliency. Presented and participated in Insurance Round table discussions.

Planning Partners: EDA, DOBI NJ, FEMA, SBA, NJ SBDC, DHS NJ.

### **Trade Adjustment Act for Farmers**

May 2012 – Sep 2013

Engaged with the commercial fishing industry as a consultant for the Trade Adjustment Act (TAA) assisting fishermen beleaguered by repeated hurricanes, the BP Oil Spill, and increased imports.
